Council Rejects Curbs On City Commissions

Members of city commissions filing for elective office in the city of Torrance will not automatically have to forfeit their commission seats, the Torrance City Council ruled Tuesday night.

Four Councilmen and Mayor Albert Isen voted to deny motion recommending automatic forfeiture, with Councilman David K. Lyman abstaining. Councilmen J. A. Beasley was not present.

The proposed ordinance voted down by the council also contained a section regulating the attendance of members of commissions. This section will be reviewed at a future meeting as a separate issue.

The section on attendance states that a commission shall hold regular meetings at least once a month and that if a member of the commission does not attend two consecutive regular meetings, unless

excused by the commission, his membership shall be terminated.

The proposed ordinance would rule that a commission member must be present for at least two-thirds of a meeting to be deemed present.

The council also indicated that the question of commissioners filing for elective office may be brought up again at future meetings.

Another new market is under construction in Highland Park and should be completed by the end of the year.

"They didn't louse it up."

"Buick started off with a classic design and they stayed with it—for good reason. The simple sculptured look was unique at the time and it still is. I'm glad they didn't louse it up by changing it!"

Joe Meyer, Stockbroker.
